MASSAGE AND ELECTRICAL DEPARTMENT.

Since January 1st, 1927, this Hospital has accommodated the Queen's Hospital Out-Patients requiring Massage and Electrical treatment. The Department, staffed by representatives of both Hospitals has been severely taxed during the year, indeed so important has the work become that the Queen's Hospital recently started a School for the training of pupils. The number of patients and treatments given* continue to increase, as the following figures show :—

Year.	Nerve Hospital Patients.		Queen's Hospital Patients.	
	New Patients.	Total Attendances.	New Patients.	Total Attendances.
1930	396	10,717	1,686	32,325
1929	376	9,619	1,722	28,254
1928	400	8,971	1,780	30,791
1927	312	6,596	1,548	22,683

Many of these patients required more than one treatment per attendance and during the year a total of 58,717 treatments were given at the Out-Patient Department in Bath Row, in addition to 3,743 treatments at the In-Patient Department, St, James' Road.

THE BIRMINGHAM HOSPITALS' CONTRIBUTORY SCHEME

The year 1930 was the last of the three during which the scheme undertook to make good the loss in annual subscriptions, and patients' payments occasioned by the introduction of the Scheme.

All the Birmingham Hospitals have received a sum each year equivalent to this loss and in addition, a percentage of the cost of treating Contributory members.

It is interesting to note that at this Hospital the percentages of Contributory Scheme patients to the whole were as follows. In-Patients, 66.21%. Out-Patients, 57.9%. Queen's Hospital Massage Department Patients, 78.38%.

The Board desires to express its grateful thanks to the numerous willing and enthusiastic workers, delegates and others who have, by their efforts, raised so large a sum for the Hospitals of Birmingham, and also for the efficient manner in which patients are helped to obtain treatment.

In 1931 and onwards the basis of distribution will be altered to payment for "work done" and it is hoped that gradually the amount available will reach 100% of the actual cost although this may entail a higher weekly contribution from members.

FINANCE.

The Income and Expenditure Account for the past year shows an excess of Expenditure over Income of £31 19s. 4d., as against an excess of Expenditure over Income of £337 2s. 2d. for the previous year.

The amount of £4,832 has been received under the Contributory Scheme, as against £3,942 10s. 0d. in 1929, and the Board has pleasure in stating that the continued success of the Scheme has enabled them to carry on the work of the Hospital, notwithstanding the continued decrease in donations and subscriptions.

The donations received amount to £294 15s. 7d., as against £560 3s. 6d. the previous year, and subscriptions £1,400 6s. 0d., as against £1,479 14s. 0d. the previous year.

Patients' payments have been £928 0s. 1d., as compared with £1,160 2s. 5d. the previous year, and the income from this source has again shown a considerable decrease.

The amount of £109 8s. 0d. has been received from the Hospital Sunday Fund, and the contribution is gratefully acknowledged.

NEW WING.

During the year the Board decided to provide an operating theatre and two additional "Isolation Wards," each to contain two beds.

For some time the Medical Committee had stressed the necessity for an operating theatre and wards where patients could be isolated, and the necessity became so great that it was decided to proceed with the work which will cost about £3,500. The President, Mr. Harry Vincent, most generously started the fund with a donation of £1,000 ; Mr. John Sumner gave £700, an anonymous donor £681, and other amounts varying from £100 downwards were given or promised. Work was accordingly started in November, and by the time this Report is in the hands of the Public, the new building should be completed and ready for occupation and use.

The donations given and promised will defray a large part of the cost, but the Board is most anxious that the balance should be forthcoming and thus avoid an increase of the Bank Overdraft. Friends of the Hospital are therefore asked to contribute to the cost of this necessary and unavoidable extension. It must also be remembered that an additional sum of £600 per annum will be required for the maintenance of this extra accommodation, which will have to be met by increased subscriptions, etc.

This new wing will also necessitate the provision of extra Nursing Quarters, and it is proposed to convert a building adjacent to the Hospital in order to provide a Recreation Room, Bedrooms, etc., for the augmented Nursing Staff.

The Board therefore makes a pressing appeal to Friends of the Hospital for an additional sum of £2,000 to cover the cost of the proposed Nurses' Quarters, and the balance still required to complete the new wing.

There is no doubt that the new wing will add to the efficiency of the Hospital and be a benefit to acute sufferers from Nerve diseases.

SUBSCRIBERS AND DONORS.

The Board desires to express warm gratitude for the generous help of the donors of money and gifts in kind, who, by their

assistance have enabled the Hospital to carry on its work for patients drawn from all parts of the Midland Counties. An appeal for a continuation of this support is made with confidence that, in spite of trade depression, it will be generously met.

THE STAFF.

The sincere thanks of the Board are extended to the Medical, Nursing, Dispensing, Clerical and Domestic Staffs for the efficient manner in which their duties have been carried out during the year. The harmonious working of the Institution is largely due to the pleasant relations existing between departments and individuals.

NOTICE.

With an accumulated deficit of over Four Thousand pounds, a heavy overdraft at the Bank, and commitments yet to be met for the New Wing, the Board of Governors is facing the future with some misgivings.

There is no doubt as to the value of the work being done. No other Institution in the Midland Counties devotes itself exclusively to the treatment of Nerve Disorders, but a wider recognition of the financial requirements of the Hospital would seem to be necessary to lessen the growing burden of debt. With the opening of the New Wing still another £500 a year will be necessary to maintain the extra beds, and this fact is also causing grave concern.

An Appeal is therefore made to subscribers not only to increase their contributions if possible, but to bring to the notice of their friends the work the Midland Nerve Hospital is doing, and the crying need for more subscribers.

By so doing you will be giving further help to the Hospital.

A notification, in confidence, of the names of probable new subscribers, would also be appreciated.
